

EQUIPPING ACTIVE DUTY AND VETERANS FOR CIVILIAN LIFE

MSSC is preparing our nations active duty military and veterans for advanced manufacturing and logistics careers as they transition into the civilian workforce. MSSC offers programs on 62 military bases nationwide and through Military Friendly Centers across the country. Working in partnership with the NAM Hero's Make America initiative, MSSC is helping to secure long-term and lucrative career pathways.

THE MANUFACTURING SKILL STANDARDS COUNCIL

STUDENTS

MSSC Certifications enable students to build lucrative career pathways in manufacturing and supply chain. Immediate benefits include:

- Higher Wages
- Improved Job Placement Rates
- Increased Confidence

"What I learned through MSSC was phenomenal. It definitely changed how I look at manufacturing equipment. I went from being an on/off call maintenance operator, to becoming a skilled, knowledgeable, troubleshooting technician."

-Bob
Employee
Ocean Spray Cranberries Inc.

"We've been able to attract some of the most talented folks in the state to complete the CPT certification program and the feedback from employers has been outstanding."

- Michael B. Keogh
Business & Community Outreach Manager
Community College of Vermont/MSSC Center

"My training experts at Harley have high regard for the MSSC. We have already put more than 150 of our workers through MSSC assessments and are using those results to guide our training priorities. We offer tuition reimbursement for MSSC courses and take MSSC certification into account in hiring decisions."

- James McCaslin
Vice President and COO
Harley-Davidson Motor Company, WI

MANUFACTURING THE FUTURE

The Manufacturing Skill Standards Council (MSSC), an industry-led 501 ©(3) non-profit, is America's leader in training and certifying foundational technical competencies for front-line workers for in-demand, higher wage, higher skills jobs in advanced manufacturing and logistics. Workers with MSSC certifications are qualified for 11.3 million jobs in front-line production, material handling, and distribution. 84% of executives surveyed agree there is a talent shortage in U.S. manufacturing.

MSSC is helping industry close that gap as they prepare to
MANUFACTURE THE FUTURE.

WHY CERTIFY?

EMPLOYERS

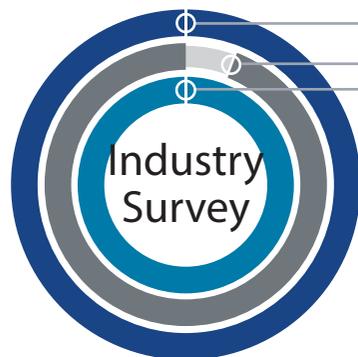

84% of executives surveyed agree there is a talent shortage in U.S. manufacturing; MSSC is strategically positioned to help industry resolve this shortage.

- Hands on training and testing device options
- High employer ROI
- Employability skills
- Delivered and customized locally
- Timely and cost effective for students
- Articulates well between high school and colleges
- Integrated into apprenticeships and internships
- Secures pipeline of certified production and logistics technicians

WHAT MANUFACTURERS SAY...

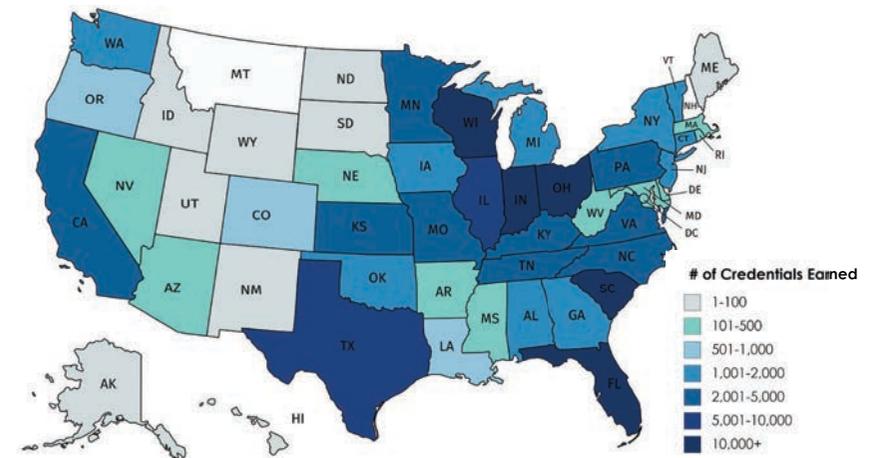

The North Carolina Manufacturing Institute conducted a survey of manufacturers that have hired CPT graduates since 2014 to measure overall satisfaction.

- 100% of employers reported CPT technicians met their need
- 95% of respondents "Strongly Agreed" or "Agreed" that technicians were well prepared
- 100% of respondents "Strongly Agreed" or "Agreed" that technicians reduced 90-day turnover rates

WHY MSSC CERTIFICATIONS?

MSSC is nationally accredited, third-party approved, nationally portable, and has at least one Assessment and Training Centers in 49 States.

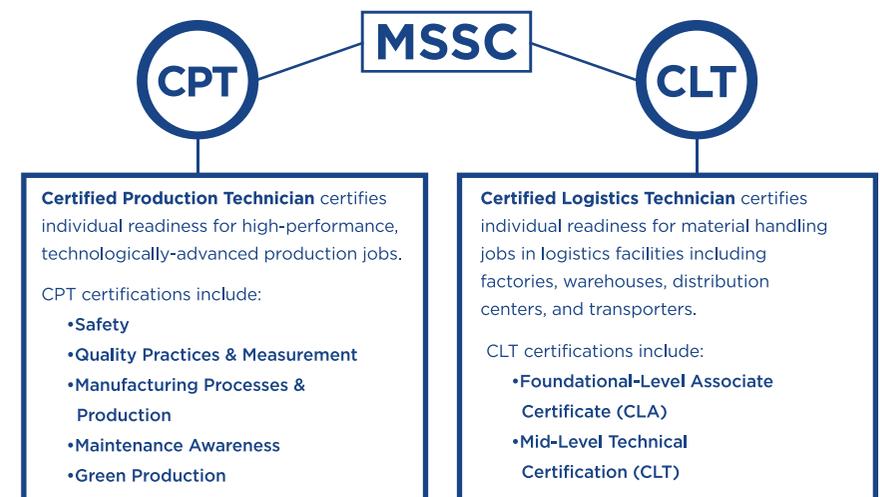

MSSC is delivered through a variety of assessment centers including

- Community Colleges
- High Schools
- Companies
- Correctional Facilities
- Career Centers
- Military Bases
- Charities
- Workforce Investment Boards
- Job Corps

CERTIFICATION TRACKS FOR MANUFACTURING AND LOGISTICS

Certified Production Technician (CPT) and Certified Logistics Technician (CLT) are nationally portable, industry-recognized certifications that focus on core-competency standards identified by industry subject matter experts.

Both certifications include online and hands-on training programs that are 3rd party accredited under ISO 17024 (Personnel Certification), federally endorsed, and recognized by the National Association of Manufacturers (NAM).
